Message from Ambassador Husain Haqqani on the  
Independence Day of Pakistan – 14 August 2010

I take great pleasure in extending to the organizers of the Pakistan Entertainment Group, Dallas, Texas under the umbrella of Pakistan Association of Texas my profound felicitations for celebrating the 64<sup>th</sup> Independence Day of Pakistan on August 08, 2010.

The commitment and enthusiasm with which our community is celebrating this day speaks of its love for Pakistan. The presence of the Pakistani community in the United States adds vibrancy and color to the great American mosaic.

The community serves as an indissoluble link between the two democratic partners -- the United States and Pakistan.

Pakistani-Americans are uniquely placed to enrich and serve both countries. I am certain that our community will continue to work for better, broader and stronger relations between Pakistan and the United States.
