

August 5, 2010

As Mayor of the City of Carrollton, Texas, I wish to send congratulations to the Pakistan Association of Texas as they begin celebratory festivities for the 63rd Independence of Pakistan. The Pakistani-American Community has grown to be a vital part of our City and region, and enhance our mutual quality of life that sets us apart from many other cities and communities.

I also wish well to all as you approach the beginning of Ramadan. I know that the aspect of fasting is meant to teach the Muslim patience, modesty and spirituality, and is a quality that we of other faiths should all join in achieving.

Congratulations again,
